**DURING KITCHEN HOURS**, the dining room is for, well, dining. We ask that if 'just drinks' are your bag, kindly make room for diners.

**Like to linger?** Please help us make room for others who want to eat by heading to the bar for your next round of drinks. We ask this to be fair to everyone!

Only complete parties will be sat in the dining room. This helps us make room for everyone. Thank you for understanding.

An 18% gratuity may be added to parties of 6 or more.
